OBJECTIVE

Eager and skilled web developer with a passion for creating user-friendly websites. Proficient in HTML, CSS, JavaScript, ReactJS and NodeJS. Recent graduate seeking opportunities to contribute and grow in web development projects. Quick learner and detail-oriented. Ready to make a positive impact in a supportive team environment.

EXPERIENCE

Spatial Data Specialist I

July 2022 – Present , Navi Mumbai, India

HERE Technologies

As a Spatial Data Specialist at HERE Technologies, I played a crucial role in ensuring the accuracy and quality of spatial data used in various location-based services and applications. My responsibilities encompassed managing, analyzing, and optimizing spatial data to provide users with reliable and up-to-date location information.

INTERNSHIP

Backend Developer

April 2022 – July 2022 , Mumbai, India

Bombaytech Private Limited

During my internship at Bombaytech Private Limited, I had the valuable opportunity to work in the Backend Development. Over the course of three months, I gained hands-on experience and insight into the intricacies of creating robust and efficient backend systems for web applications.
